## Year 2 maths

| Key performance indicator | Performance standard |
| :---: | :---: |
| Number and place value <br> Counts in steps of two, three, and five from 0 , and in tens from any number, forward and backward <br> Compares and orders numbers from 0 up to 100 <br> Uses < > and = signs correctly <br> Uses place value and number facts to solve problems <br> Addition and subtraction <br> Solves problems with addition and subtraction by: <br> 1. using concrete objects and pictorial representations, including those involving numbers, quantities and measures; and <br> 2. applying an increasing knowledge of mental and written methods. <br> Recalls and uses addition and subtraction facts to 20 and 100: <br> 1. fluently up to 20 . <br> Multiplication and division <br> Recalls and uses multiplication and division facts for the two, five and 10 multiplication tables, including recognising odd and even numbers <br> Solves problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in contexts <br> Fractions (including decimals) <br> Recognises, finds, names and writes fractions $1 / 3,1 / 4,2 / 4$, and $3 / 4$ of a length, shape, set of objects or quantity | With reference to the KPIs <br> By the end of Y 2 a child should be mentally fluent with whole numbers, counting and place value. A child should know the number bonds to 20 and be precise in using and understanding place value <br> Using practical resources, a child can work with numerals, words and the four operations (eg concrete objects and measuring tools) <br> Using a range of measures, a child can recognise, describe, draw, compare and sort different shapes and use the related vocabulary <br> A child can describe and compare different quantities such as length, mass, capacity/volume, time and money <br> A child can read and spell mathematical vocabulary at a level consistent with their increasing word reading and spelling knowledge at key stage 1 |

| Measurement |  |
| :--- | :--- |
| Solves simple problems in a practical |  |
| context involving addition and subtraction |  |
| of money of the same unit including |  |
| giving change |  |
| Geometry: properties of shape |  |
| Compares and sorts common 2-D and 3- |  |
| D shapes and everyday objects |  |
| Geometry: position and direction |  |
| Uses mathematical vocabulary to |  |
| describe position, direction and |  |
| movement including movement in a |  |
| straight line, and distinguishes between |  |
| rotation as a turn and in terms of right |  |
| angles for quarter, half and three-quarter |  |
| turns (clockwise and anti-clockwise) |  |
| Statistics |  |
| Asks and answers questions about |  |
| totalling and comparing categorical data |  |
