

We Need Your Help

The Cyber Ambassador Scheme is a cyber-safety scheme for primary schools, secondary schools, and colleges.

The scheme follows a peer-led approach by skilling-up a small number of students in education settings on key online safety issues.

These students then pass on their learning and offer helpful

support to their peers promoting good digital citizenship.

More than 150 schools in Hampshire, the Isle of Wight, Portsmouth and Southampton are currently signed up to the scheme. This amounts to more than 15,000 students across all key stages.

Y4, 5, 6 Cyber Ambassador application form

Name: _____

Class: _____

Why do you want to be a Cyber Ambassador at our school?

What do you think you could bring to the role as a Cyber Ambassador at Harrison?
