

Harrison Primary School Staff Acceptable use of technology policy

As a professional organisation with responsibility for safeguarding, all members of staff are expected to use Harrison Primary School IT systems in a professional, lawful, and ethical manner. To ensure that members of staff understand their professional responsibilities when using technology and provide appropriate curriculum opportunities for learners, they are asked to read and sign the staff Acceptable use of technology policy (AUP).

Our AUP is not intended to unduly limit the ways in which members of staff teach or use technology professionally, or indeed how they use the internet personally, however the AUP will help ensure that all staff understand Harrison Primary School's expectations regarding safe and responsible technology use, and help staff to manage the potential risks posed.
